Hello Jonas

Don't worry about it, we use a low value in invoice for shipping, won't put real value at there.

I look forward to your comment after you get parcel.

Dear Sasa,

the boxes and labels are beautiful. Of course we are keeping in touch with you to produce new products!

Only negative aspect is that labels are larger than vials, so when we paste them, the exp date covers under the other extreme of the label. But it really doesn't matter that much.

They look great!!!!

Very kind regards and thank you very much.

Hi Sasa

I hope all is well with you :) We got all the labels, as usual great work.

I am working on some new items for the Beckmann line, I will email the info for these end of this week or over the weekend, as well as batch sticker information. I am unsure on my friends 4 labels, I just helped him with finding a good supplier and payment, the rest is up to him :) Beckmann is a new business of mine, still very new, so I would appreciate it if you can also protect label copyright on this for me too, as in 3-4 months this line will be very popular.

Many thanks for your help

Wade

Hi.

I received the labels, they are fantastic!

I need to purchase 2 crimper tools, for 20mm caps, do you supply them, and if you do how much?

Thanks

they do look great, just hope turn around time next time can be a little faster... there are a few typing errors on a portion of the boxes, hoping we can do something about that on next order. but the quality of your product is superior!
